

The **Miracle Mist trademark base formula** adds apricot kernel oil, Shea butter, and other botanicals to create a luscious lotion.

Pure and fortified

Miracle Mist™ Lotion is fortified with pure MSM crystals (methylsulphonylmethane) and a touch of boron. MSM is an organic sulphur natural food supplement essential for the health of all body systems, including younger-looking skin, healthy hair and nails. MSM increases cellular permeability, which helps to draw magnesium more deeply and quickly into the cells. MSM is critical to the formation of connective tissue and is widely used to alleviate inflammation and arthritic pain. Boron is an essential trace mineral required for the body to hold and retain minerals; it is also noted for its hormonal regulating factors.

Skin absorption — transdermal

Absorption through the skin (transdermal) is the fastest and safest way to increase magnesium levels. Most magnesium in oral supplements is lost through the digestive process, and often, people will get diarrhea before their body has even absorbed enough.

.....
WITH TRANSDERMAL APPLICATION, THE BODY
INSTANTLY ABSORBS WHAT IS REQUIRED.
.....

Although absorption rates vary, lotion formulas tend to have one of the highest absorption rates compared to other supplemental forms of magnesium. A study on the cosmetic application of a 31% magnesium chloride solution in a cream base found that after 12 weeks of treatment, 89% of subjects raised their cellular magnesium levels — showing a dramatic average increase of almost 60%.

.....

Magnesium is your best protection against all forms of stress!

An adequate magnesium intake may help improve the quality of life by supporting heart and bone health, stress relief, physical performance, and more.

Magnesium is essential for the body's metabolism of vitamin D and vitamin D is important for calcium absorption into the bones as well as affecting other essential vitamins and minerals for overall health.

"Magnesium is essential for the survival of our cells but takes on further importance now where our bodies are being bombarded on a daily basis with heavy metals and radiation."

Why choose Miracle Mist™ Lotion?

This unique formula delivers an effective way to absorb magnesium and MSM and nourish and hydrate your skin with organic plant moisturisers such as apricot kernel oil, Shea Butter and coconut oil. Miracle Mist Lotion is especially useful as a massage oil because it is lubricating, non-itching, and moisturises skin.

Miracle Mist™ Lotion for fitness

Topical application of magnesium lotion simultaneously provides energy while relaxing muscles at the same time. This means you can be primed for peak performance by being relaxed and energised. Miracle Mist Lotion is an effective way to maintain flexibility, range of motion, and endurance during a workout or fitness activity!

Regularly apply this lotion before and after your fitness activities for maximum benefit.

Some of the doctors who recommend magnesium:

Dr Jerry Aikawa, in his article, *Magnesium: Its Biological Significance*, calls magnesium "the most important mineral for man and all living organisms".

Dr Mildred Seelig believes that many of the side effects of drugs are symptoms of magnesium deficiency.

Dr Norman Shealy, MD, PhD, writes in *Holy Water, Sacred Oil, The Fountain of Youth*, "virtually every known disease is associated with magnesium deficiency, including asthma, hypertension, cancer, diabetes, migraine, allergies, myocardial (heart), and depression."

Dr Carolyn Dean, MD, ND, *The Miracle of Magnesium*: "The more I have learned about magnesium, the more convinced I am that doctors are missing a huge opportunity by not making it one of their drugs of choice."
